TEN-8

IN SERVICE TO SERVE YOU

MSA Certified Repair Center Ten-8 is an MSA authorized repair center. We have a complete inventory of parts and accessories to provide you with fast delivery and prompt service. Our factory trained and certified staff includes three (3) Mobile service technicians and two (2) Air Shop service technicians.

MSA Certified Mobile Flow Testing

NFPA 1852 requires annual flow testing of your self-contained breathing apparatus. Our MSA certified technicians are available to come to your location to perform annual flow testing on your SCBA's.

Face Piece Fit Testing

Fit testing is required annually per OSHA 1910.134. We can perform your fit testing on site.

Quarterly Air Testing

NFPA 1500 requires quarterly air testing. Call us today to order your air test kit.

Training

We offer training sessions on SCBA , Thermal Imaging Cameras and Portable Gas Detection. Classes can be tailored to the needs of your department.

Your Sales Advisors

The Field Sales Staff at Ten-8 has over 50 years of MSA experience and each and every Sales Advisor is a Certified Repair Technician.

Questions? Contact Ted Adent, MSA Service Manager at tadent@ten8fire.com, 941-757-2925 OR your local Ten-8 Sales Representative for more information.
